Brightshores Health System
MARKDALE HOSPITAL FOUNDATION

LIGHT FOR LIFE

LIGHTING THE WAY TOGETHER

Help strengthen healthcare for your family, friends and neighbours.

Every day, families, friends and neighbours count on Brightshores Health System and Brightshores Markdale Hospital. *As a donor, your* generosity helps ensure they receive the care they need, when they need it, right here at home.

Funds raised through ***Light for Life*** will help **Markdale Hospital Foundation** meet priority healthcare needs in Markdale, such as **Condenser and Evaporator Upgrades**, and support selected regional projects, including the **Brightshores Hospital Pharmacy Sterile IV Compounding Modernization**.

This season, we ask you to help us provide the equipment, technology, and improvements that strengthen this connected system of care.

OUR COMMUNITY IS INVESTING IN LOCAL PRIORITIES AT BRIGHTSHORES MARKDALE HOSPITAL

ENDOSCOPY SERVICES

$52,500

FULLY FUNDED BY OUR COMMUNITY

The new endoscopy equipment means more patients can receive more procedures close to home.

This project is now fully funded by donors this year. The endoscopy services in Markdale increased in September 2026.

CONDENSER & EVAPORATOR MODULES

GOAL: $124,000

MARKDALE SITE PRIORITY

These vital systems maintain consistent climate and air quality in multiple zones throughout our hospital.

- Supports cooling and climate control across multiple hospital areas.
- Supports areas of the building with different temperature requirements.
- Includes the ability to manage internal air conditions during an external air-quality event.
- Is expected to extend the system's useful life and reliability.

LIGHTING THE WAY TOGETHER

Brightshores Health System
MARKDALE HOSPITAL FOUNDATION

What Your Support Will Make Possible

Funds raised through ***Light for Life*** will help Markdale Hospital Foundation continue to meet priority healthcare needs in Markdale and support selected regional services across Brightshores Health System.

Together, these investments strengthen care in Markdale and across the connected Brightshores Health System.

Connected Care

Brightshores Hospital Pharmacy – Sterile IV Compounding Modernization

Why invest in a regional hospital pharmacy?

At Brightshores Health System's Owen Sound Hospital, the specialized hospital pharmacy prepares medications used in patient care across the Brightshores Health System. By supporting this project, we help strengthen reliable access to medications across the region, including at Markdale Hospital.

The renovation will provide a dedicated sterile compounding room and expanded workspace to:

- Increase capacity to prepare specialized IV medications in-house.
- Improve workflow, efficiency and staff movement.
- Support operational flexibility, inventory and supply chain management.

These IV medications support **inpatient care**, **pediatrics**, **neonatal care** and other specialized treatments across the region.

"This isn't simply a renovation. It's an investment in how we deliver healthcare across our region. By strengthening our ability to prepare medications within Brightshores, we're building greater capacity and resilience into a service that supports patient care every day."

Trent Fookes
Director of Pharmacy at
Brightshores Health System

You may never see the pharmacy team, but their work is an essential part of patient care every day.
Your donation will help ensure they have the space and capacity needed to continue providing safe, reliable medication support to patients throughout Brightshores.

Your Generosity Strengthens Care
